Experiment - 4

4. Visual Representation of Mobile Network Protocol Stacks

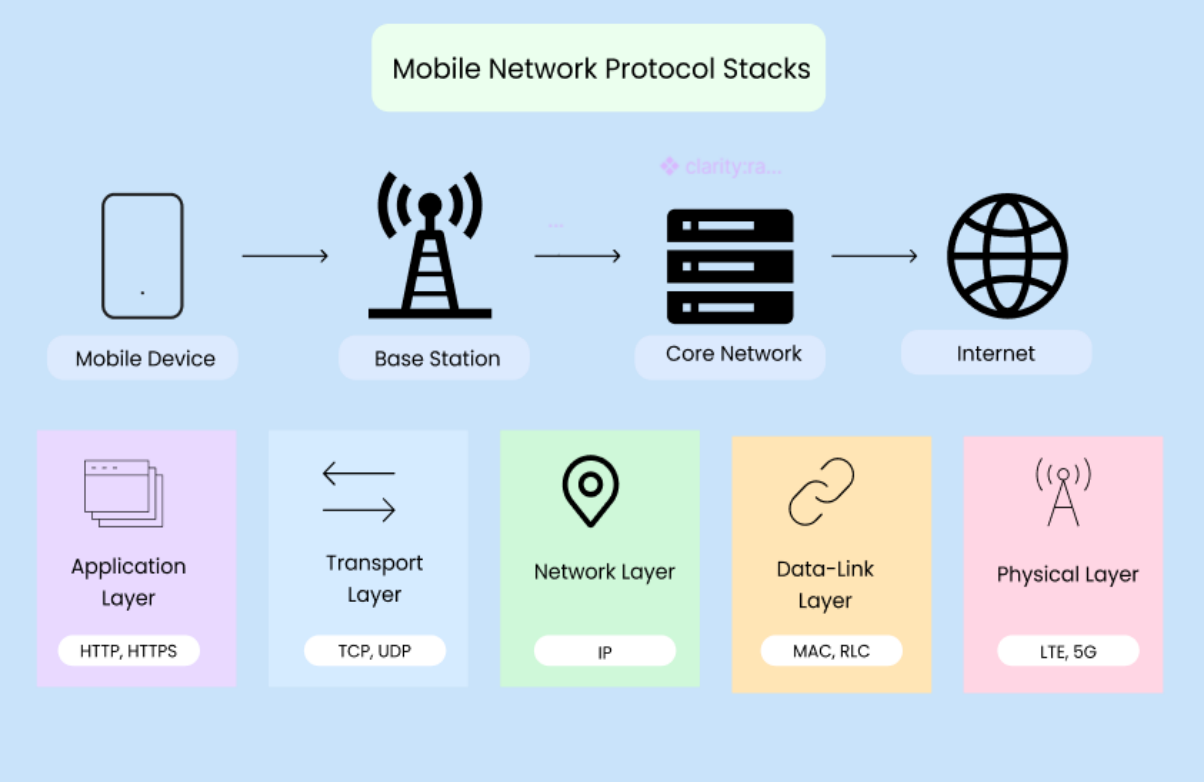

Aim:

To create a visual representation in Figma highlighting the key elements of mobile network protocol stacks.

Procedure:

1. Open Figma and create a new design file.
2. Create a suitable frame for the diagram.
3. Add separate rectangular boxes for protocol layers.
4. Include Physical, Data Link, Network, Transport, and Application layers.
5. Arrange the layers in a vertical structure.
6. Use different colours to identify each layer.
7. Add short descriptions of the functions of each layer.
8. Connect the layers and review the final diagram.

Output:

Result:

A visual representation of mobile network protocol stacks was successfully created using Figma.
